

Dear Residents,

Please review this important reminder regarding pet policies on the Lake Tarpon Sail & Tennis Club property.

Permitted and Restricted Walking Areas

- **Restricted Areas:** The large open grassy areas across all associations are strictly prohibited for pet exercise, play, or walking. For example, the open space behind Club 3 Building B is private property belonging exclusively to Club 3; similar open spaces are designated for the specific use of their adjacent clubs and are not public dog parks.
- **Permitted Areas:** When walking your dogs, pets must remain on designated sidewalks, parking lots, or roadways, and stay strictly within two to three feet of the edge at all times.

Additional Rules and Property Care

- **Individual Club Rules:** Residents must abide by any additional pet restrictions established by their specific club.
- **Leashes:** Per Pinellas County ordinances, Pets must always be on a leash and under control.
- **Waste Cleanup:** All pet owners are required to clean up after their animals immediately. Pet waste and urine cause severe, lasting damage to the lawn and vegetation.

Please also follow the specific rules designated by each club regarding dog walking.

Thank you for your cooperation in keeping our common grounds clean, well-maintained, and respectful of all residents.
